

Easy to Use!

E911 Campus Framework

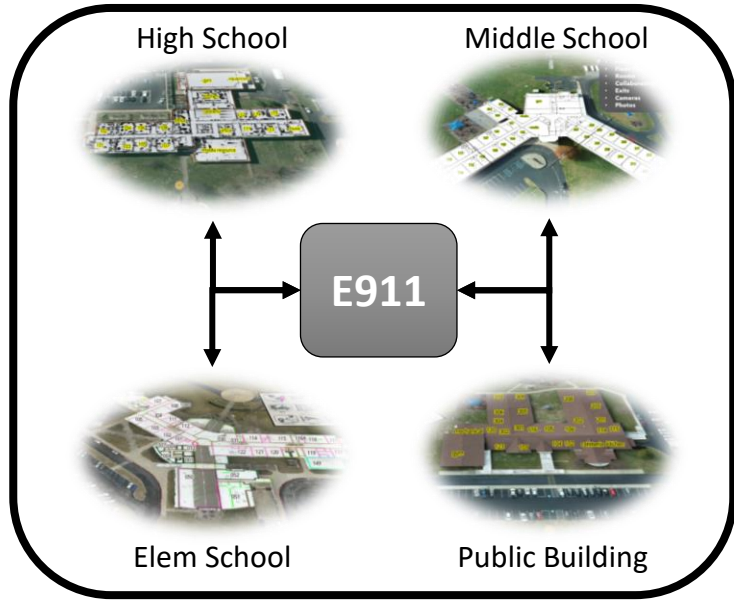

...managed and hosted interactive campus mapping
...improve safety and response times

(\$480 base + \$180 per campus) per year

\$100 Setup Charge per campus . 50 GB Shared Storage per campus

Secure Campus Container

- Single Secure URL
- Dashboard
- Interactive Floor Plan(s)**
- Interactive Room Layer (NG911 Ready)
- Interactive Exit Layer
- Interactive Photo Layer
- Interactive Camera Layer
- E911 Collaboration Tool
- Supports GIS Layers
- Supports UAV Ortho Imagery
- Link PDF, JPG, or Web Pages
- 3D Scenes (Point Clouds)
- Tables
- Fully Searchable**

Share & Integrate

- Each campus container is its own secure web site
- Easily integrate with existing mapping – unlimited users

Scalable

- Campus containers are stand alone – add as you need
- Storage is expandable as needed

Secure

- Access requires user log in
- Assign permissions to empower users (view, edit, & manage)

Open Data

- Mapping is stored in standard GIS formats
- Media formats include PDF, JPG, PNG, MP4

3D

- Publish 3D Scenes using point clouds (scanner or UAV)
- Utilize spherical imagery

Sustainable

- Campus containers are dynamic and updatable (tools included)
- Collaborate with campus security to update rooms, etc.
